Robert Stryker, Chairman of the Planning Board submitted his monthly report. Supervisor Green was at their meeting and gave a presentation on Marcellus Shale. Assessor Harrison Marble was also at their meeting inquiring if 12 non-conforming lots would be considered building lots. The Board felt that as long as they were that size before zoning, that they should be considered as building lots, as long as they were not merged with an adjoining lot and later subdivided back into their original size. He stated that the revised zoning law is ready for the Town Board's review. A motion was made by Tom Stevens and seconded by Bruce Harter and carried to accept his report.

A motion was made by Al Favro and seconded by Wayne Houseman and carried to accept his report. A copy is on file with the Town Clerk.
