Notes: February 21, 2018 approved to post to the webpage.

Assign Remaining Sections: Carla will be doing the Executive Summary with Sandra Riker assisting her.

Section 4.0 Future Land Use: Joann does not feel this is a good title for this section. The information in this area should be included under Section Five-Moving Ahead.

General Discussion: Liz would like to look at the History Section for possible editing.

With regard to future land use the group looked at the maps provided by County Planning to study where possible economic growth could take place and the types of activities that are currently being performed in the zoning districts. One area looked at was the L-I district on State Route 20A at County Road 32 and Buckelew Road. There

was discussion with regard to expanding the district and perhaps changing the name to Rural Business reflective on the type of activity that is there now. Another area for consideration is Route 64 South from State Route 20A to the South Bristol line opening it up to more business activity with possible renaming of Recreational Mixed Use.

Upcoming Meeting Dates: April 18<sup>th</sup> at the Town Hall and a date in May for the second public meeting. Dates suggested were May 8,9,23 or 24. This would depend on if we were ready for this and when the fire hall would be available for the purpose. Sandra Riker will check with the BVFD to see what is available.

Respectfully submitted
