Best Management Practices Information:

If the harvest area has a slope of 15% for more than 200 feet or a stream is in the harvest area, describe the best management practices (BMPs) applied to the harvest area. BMPs are presented in the *New York State Forestry Best Management Practices for Water Quality Field Guide*. Identify the approximate location of these best management practices on the site map provided with the application.

BMPs for Riparian Areas:

BMPs for Haul Roads:

BMPs for Skid Trails:

BMPs for Landings:

Checklist of Attachments:

- _____ Copy of a topographic map with property boundaries, landing area, logging areas, haul roads, and stream crossings (if applicable) clearly marked.
- _____ Copy of the certificate of commercial vehicle insurance (if transportation on public roads).
- _____ Letter from property owner (if applicable)

Applicant Signature: _____ **Date:** _____

Property Owner's Signature: _____ **Date:** _____

The property owner MUST sign the Timber Harvest Permit Application Form OR write and sign a letter to signify that he or she has reviewed the application and is in agreement with its contents. By signing the permit application or letter, the property owner also consents to the Code Enforcement Officer (CEO) entering the premises for inspection purposes.

It shall be the property owner's responsibility to secure all other permits that may be required. The property owner, agent and logger will all be jointly responsible under this local law.

Basic Timber Harvest applications shall not begin sooner than 5 business days after the permit receipt date to allow for notification to highway superintendent, adjacent owners and agencies. The Town will have 10 business days after permit receipt to approve full harvest application.
