INFORMATION REQUIRED FOR LOT LINE ADJUSTMENT

Prior to the Planning Board review and approval: the map presented shall have a statement stating the total acreage owned by each applicant prior to the lot line adjustment, the amount of acreage in the lot line adjustment and the final acreage owned by each land owner after the adjustment has been completed.

Tape Maps or Survey Maps used for purposes of transfer of ownership or mortgage shall be provided with the application, where available. These maps may also be used, where appropriate, as part of the Lot line adjustment Plat.

The information listed below is required by the Town of Bristol Planning Board prior to an application being deemed "complete". This checklist is for official use only. It should be used as a guide for the applicant. It is suggested that the applicant have an informational meeting with the Planning Board prior to submitting an application to determine if some of the requirements below can be modified or waived for a lot line adjustment application.

<u>Referto Zoning Ordinance of the Town of Bristol, Article Eleven, for uses, setbacks, and other regulations as pertains to each zoning district.</u>

Lot Line Adjustment shall show or be accompanied by the following information:

- 1. Proposed lot line adjustment name or identifying title.
- 2. Date, north point and scale. The plan shall be at a scale of no more than one hundred (100) feet to the inch. All plats shall be on sheets no smaller than $8\frac{1}{2}$ " x 11" and no larger than 34" x 44" overall.
- 3. Dimensions shall all be shown in feet and in hundredths of a foot.
- 4. Name of owner of the property.
- 5. Name and seal of engineer, surveyor, or architect responsible for the plan.
- 6. Width and location of all private driveways.
- 7. All buildings within 75 feet of the lot line adjustment
- 8. Wells and septic system on this and contiguous properties within 100 feet of the lot line adjustment.
- 9. Delineation of limits of any land to be disturbed in any manner including areas to be cut, filled, excavated, or graded and contours, both existing and proposed at vertical intervals of no more than two (2) feet for areas within such limits.
- 10. Contours at vertical intervals *of five*(5) *feet* as determined from a topographic survey map of the U.S. Geological Survey. In the case of steep or unusual tracts, the Planning Board may require contours at such lesser intervals as it finds necessary for study and planning of the tract.
- 11. Location and description of all swales, ponds, basins, fences, dikes or other devices required to control soil erosion and sedimentation within 50 feet of the lot line adjustment.
- 12. All existing watercourses and other significant natural features within 100 feet of the lot line adjustment.
- 13. All existing streets on or adjacent to the tract, including names, right-of-way widths and pavement widths.
- 14. All existing property lines, easements and rights-of-way, with appropriate Liber and Page and the purpose for which the easements or rights-of-way have been established.
- 15. Location and width of proposed streets, rights-of-way, easements and proposed lot lines and setbacks.

- 16. Sufficient data to readily determine the locations, bearings and length of every street, easement, lot and boundary line and to reproduce such lines on the ground including:
 - The length of all straight lines, radii, lengths of curves and tangent bearings for each street, and
 - All dimensions and angles or bearings of the lines of each lot and of each area proposed to be dedicated to public
 use.
- 17. Permanent reference monuments shall be shown.
- 18. The location and width of all proposed driveway intersections with streets and sight distances therefrom. Suitable means of access must be shown for each lot unless lot is annexed to an existing parcel.
 - Driveway locations for all residential uses along State, County or Town roads shall require a driveway permit and/or a highway work permit prior to approval.
 - All uses on all parcels in all zoning districts in the Town of Bristol must locate driveways in such a manner as to
 comply with the table of safe sight distances. All signage associated with the table shall comply with the most
 recent edition of the Manual of Uniform Traffic Control Devices.
- 19. Wherever practicable, the names of owners of all abutting un-plotted land and the names of all abutting lot line adjustments.
- 20. Copies of proposed deed restrictions, if any, shall be attached to the preliminary plan.
- 21. Other improvements or modifications required by the Planning Board in the resolution granting preliminary/final approval.

REGULATIONS REGARDING LOT LINE ADJUSTMENTS:

Article 1 General Provision for Minor Subdivision Regulations and Lot Line Adjustment:

The provisions contained herein shall apply to all land within the corporate limits of the Town of Bristol, All Minor Subdivisions and Lot line adjustments of land within the town shall be designed and submitted for approval in compliance with the standards and procedures set forth.

APPLICANT: DO NOT WRITE BELOW THIS LINE.

INFORMATION FOR APPLICANT:

Ontario County Clerk's Office requirements for filing Subdivision and or Lot Line Adjustment Maps:

When a subdivision map/lot line adjustment is presented for filing, the following is required:

- 1. A Mylar or linen plus two (2) paper copies.
- 2. The surveyor's signature and seal.
- 3. An original County Tax Search or an original or copy of a tax search of an abstract and title company, showing taxes paid.

The above apply to any subdivision, re-subdivision, amended subdivision, and lot line adjustment filed.

FROM TOWN OF BRISTOL SUBDIVISION REGULATIONS:

"Filing of Approved Final Plat for Minor Subdivision/Lot Line Adjustment:

Upon completion of all requirements set forth in the action approving the final plat and notation to that effect upon the final plat, it shall be deemed to have final approval and shall be properly signed by the appropriate officers of the Planning Board. The plat shall then be filed by the applicant in the Office of the Ontario County Clerk. Any final plat not so filed and recorded within sixty(60) days of the date on which said plat is approved or considered approved by reasons or failure of the Planning Board to act, shall become null and void unless the particular circumstances of said applicant warrant the Planning Board granting an extension, which shall not extend two (2) additional periods of ninety (90) days."

617.20 Appendix B Short Environmental Assessment Form

Instructions for Completing

Part 1 · Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 2-Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part I and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing: a. public / private water supplies?		
b. public/private waste water treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase to the potential for erosion, flooding ordrainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance: The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.
